

Wearing options for the ConstruBadge

There are several producers on the market who offer wearing options for the ConstruBadge, so that it can be worn visibly at the yard. The choice of the type of badge holder depends on the surroundings in which, and the activities for which the badge holder should be worn.

You will certainly find the right solution for you on the internet.

Some examples:

Protecting the ConstruBadge		
		A PVC badge holder protects the ConstruBadge against wear, among others.
Some wearing options		
	+	
		Badge holder with clip (to be attached to clothing).
	+	
		Badge holder with drawstring. Can also be attached to clothing.
	+	
		Badge holder with lanyard. To be worn around the neck. If the string gets stuck behind something, the safety clasp opens automatically.
		Badge holder integrated in safety helmet.
		Vinyl armband badge holder.
